3rd Annual WHMC Car Show May 19th 2007 - Sponsored by Kinsel Ford

Our club's 3rd annual car show will be held this Saturday, May 19 at the French Road lot of Kinsel Ford from 8am-3pm. We would like to thank Kinsel's for sponsoring this event and making room for us to do the Stang thang. There will be food/music at the event. The Tyler Co. Go-Texans will be cooking again this year. Breakfast and lunch will be served. There will be numerous trophies awarded for the various classes and a couple of special awards. Door prizes will be drawn for car show registrants.

This should be a fun event once again. We encourage everyone to wash it up and bring it down on Saturday. Greg Bostwick says we shouldn't have inclement weather like last year. If you get the chance, Ron Roth and Cindy Yohe will be lighting up the airwaves on Al Caldwell's radio program Friday morning around 8:00am (KLVI 560AM) Tune in and listen up. Ron will be signing autographs at the show.

Clean up of the lot will be Friday night 5/18 at 7:00pm. We need some members to show up to help prep the venue for cars the next morning. Brooms, blowers, strong backs and weak minds needed. I'll be there for sure.

And if you can be at the lot at 7:00 AM on Saturday, we sure would appreciate help setting up. We'll have several EZ Up tents and access to electricity. Bring your door prize contributions with you.

"Oooooo-ok,lahoma, where the wind comes sweepin' down the plain"

Rodgers & Hammerstein certainly got one thing right when they penned the title song for their musical. The wind blew around 25+ mph all day every day. We almost had to be concerned about tying down our cars during the show. But no hail, no rain, and no tornados!

The Wood's and the Quick's recently attended the 3 day MCA National show in Mustang, OK at the end of April. This show attracted around 500 Mustangs of every style, shape, and color. The show was well organized and kudos' are due the local Oklahoma Mustang club and the MCA. The entire town pretty much got in on the act and ponied up to help put this event on in grand fashion. The local PD was selling *Mustang* street signs and traffic tickets were \$5 ea with your choice of "offence". The Wood's ended up with a primo parking spot at the entrance to the venue that validated the real estate rule of Location, Location, Location.

The modified class had over 70 entrants and the late model class had 80+ also. There were numerous vendors around the grounds selling food, parts, photos, or cars. The parts portion was handy as I broke a part under the hood of my car while cleaning too aggressively and I was able to walk right over and buy a replacement part for \$1. We met people from as far away as Norway, who just happened to be in Dallas and heard about the show and drove up to see it.

The Wood's 1970 Mach 1 received a 1st place in the occasional driver class and the Quick's 1969 Mach 1 received a 1st also in the Modified Trailered class.

It is rumored that the Oklahoma Mustang Club was granted the 2009 MCA Grand National Show. These folks do a very good job of hosting an event of this magnitude. (www.okmustangs.com) They have great planning and cooperation in execution. Should we ever get ambitious enough to do something this big, they would be a great resource.

The MCA did a great job also with this event. If you are not a member of this organization yet, I would encourage you to join it. You get quite a lot for your annual dues. You can find them at www.mustang.org Members can usually be spotted by the round blue decal in their windshield.
